

Theatre-Creative Project Proposal

Date _____

Name Erase this statement and type in your name.

Date Erase this statement and type in today's date-original date of submission. Update subsequent submissions of the same proposal with an additional date.

I request the following be designated as the Creative Project, the completion of which will meet ONE of the requirements of the Theatre Senior Capstone:

Erase this statement and type in your proposal. Remember to cover the main issues of who-what-where-when-why-how. Keep in mind that this is the proposal and not the project itself, so length is not the idea. Make it evident what the **PRODUCT** will be. If your project will involve others in order for you to execute, include the specifics of that as well. A very important thing to keep in mind is if your project needs consideration of the Department's production calendar, not only should it be noted, but the proposal should be submitted by February 1 of the previous year.

In connection with doing so, I will complete a 3-5 page self assessment paper, following the guidelines in the project outline and defend the project before a faculty panel.

Student Signature _____

_____ **Approved** _____ **Not Approved** _____ **Date**
